

Product Information

Xport™ Lubricant Application

Xport™ Clear Grease Gun

Reliability tool helps eliminate maintenance errors.

Pistol Grip Gun
with Whip Hose

Lever Style Gun
with Hard Pipe
Extension

Human error in maintenance does happen; the wrong grease is applied to a piece of equipment, leading to cross-contamination and worse yet, critical bearing and equipment failure. Such maintenance errors or malpractice can be very costly and time-consuming to correct. Say goodbye to grease-related servicing errors by upgrading to the Xport™ Clear Grease Gun solution. This reliability tool is helping organizations worldwide enhance their operations' reliability maintenance efforts, enhancing overall accountability and safety.

Beneficial Qualities

- Allows 100% visual identification
- Eliminates cross-contamination
- Enhances existing reliability programs

Clearly Reliable

- Tubes are capable of withstanding heavy use and high temperatures.
- Collars and caps – available in multiple colors – are durable anodized aluminum and will not rust.
- Guns are available in pistol grip and lever styles.

NEW
**Xport Lock-On
Grease Coupler**

**EASY, CLEAN,
SAFE & FAST!**

See back for details.

Locked Unlocked

*Lockable plunger keeps air out,
allowing for a continuous grease flow.*
