

LE is your 1-stop shop for **LUBRICATION RELIABILITY**

ENHANCED LUBRICANTS: High-performance lubricants can save you time, energy and money. LE manufactures a full line of industrial oils and greases that are formulated for the targeted application – using highly refined or synthetic base oils blended with proprietary additives. They last longer and protect equipment far better than ordinary lubricants, which means more uptime and profits for you. www.LElubricants/lubricants.html

RELIABILITY SOLUTIONS: LE offers a variety of lubrication reliability solutions. Our custom program includes oil analysis, breathers, sight glasses, filtration carts, lubricant storage and more – whatever you need to keep your lubricants clean and dry. www.LElubricants.com/reliability-solutions.html

SUPPORT & SERVICE: LE's trained and certified consultants are onsite with you to educate, plan and assist. www.LElubricants.com/implementation.html
