

Customer Testimonial

Monolec® Ultra-Blend Engine Oil (8130)

Chris Carney (individual) – Wilmington, Del.

1990 Honda Accord “Harry”

- Enabled 10,000-mile extended oil intervals
- Provided reliable service for more than 270,000 miles
- “I could use another oil or some synthetic engine oil, but why?”

Customer Profile

Chris Carney is a mechanical engineer who works and lives in Delaware. He became familiar with LE products while working at a former employer. Personally, he has used LE products since 1990.

Application

Chris drives a 1990 Honda Accord affectionately known as “Harry” and has been the only owner of this vehicle. He used LE’s Monolec® Ultra-Blend Engine Oil (8130) at his first oil change. Chris drives Harry daily and changes his oil at 10,000-mile intervals. Since Chris lives close to work, his Honda has one oil change a year. At this writing, Chris is approaching 300,000 miles as a milestone and a testimonial to LE engine oil.

LE Solution

Chris Nowlen, LE lubrication consultant, had the pleasure of interviewing Chris for this report. He asked Chris why he uses LE products, and his response is typical of LE users, “I could use another oil or some synthetic engine oil, but why? With Lubrication Engineers as my oil supplier, I purchase a case of oil every five years. I know LE is my product of choice, and there simply is no other.”

Results

“My cars name is Harry. My daughter named him when he joined the family 21 years ago,” Carney said. “Harry has never let me down for the first 270,000 miles, so I am shooting to 300,000. Seems like the right thing to do...after all, he’s one of the family!”

Thank you to Chris Carney, PE, and to Chris Nowlen, LE lubrication consultant (pictured), for providing the information used in this report.
